

The Thunder Bay Centre of the Royal Canadian College of Organists is happy to host an upcoming organ concert. This is a picture of Michael Capon, Organist, Composer, Conductor, Teacher, and Director of Music for St. George's Cathedral in Kingston, Ontario. He will be playing a pipe organ recital in Thunder Bay in early February as well as leading a workshop for church musicians!

If you have an opportunity to print this info and/or post it on a bulletin board at your church or perhaps include the information in your Sunday bulletins, that would be so appreciated by the Thunder Bay Centre of the RCCO!
