ST. ANDREW'S HERITAGE DISPLAY

We are celebrating the 110th anniversary of St. Andrew's. The Heritage Committee has arranged a collection of pictures on the Heritage Wall telling the story of the church from the cornerstone laying up until the present. On display you will see the trowel used to lay the cornerstone, the original communion sets, and a piece of the sandstone.

A FINANCIAL UPDATE

We are very happy to report that Presbyterian Sharing is currently at 30%; however, funds raised to support our church continue to fall behind and is currently at 20%—still 5% behind where we should be.

This 5% shortage equates to approximately \$10,000. Our new heating system continues to save us money on our heating bill. Despite the increases in gas costs that still amounts to a savings of **\$930.00** over four months.

That's phenomenal !

From Rev. Joyce

110 years of Witness and Ministry in Fort William and Thunder Bay! It is such a blessing to be a part of this ministry at this time in St. Andrew's life. Today is a day of celebration of the long and rich history, but also to honour some things that have happened in the last five years. This heritage building has needed much care as of late. Most recently the heating system was completely redone, the front doors to the hall side of the church were replaced, and gates installed at the sanctuary doors for the safety of the people and the property.

Today we also celebrate the financial contributions made by so many in the congregation to repair and restore the ceiling after it collapsed in two places in the summer of 2013. A Restoration Campaign was initiated in the fall of 2014 asking people to pledge an amount toward the restoration and giving them up to two years to fulfill the pledge. To recognize those who pledged toward that goal we have created a gratitude tree. Each leaf represents a pledge. Some choose to be anonymous donors and the leaf representing their donation has a scripture verse from the Psalms. There were a number of people who gave toward the restoration campaign but did not fill out a pledge form. The leaves that are empty of words represent those donors. Should you be someone who gave in the two-year period from 2014-15 toward the ceiling restoration and now wish to be acknowledged please contact Rev. Joyce and we can make that happen.

There are three leaves that have been added to acknowledge three other donations given at a great time of need. Here is a little story...a donation for \$100,000 was made to the church in 2017 with the only request being that we replace the front doors. The donor had no idea that that had been on our wish list and shelved due to lack of funds. We were told that we could use the rest of the gift for when we saw the need. A week later the boiler system was being shut down and we were informed that it would not come back on line without extensive repairs.

With the donor's blessing, a mechanical engineer on board who donated time and expertise, and with the approval of the congregation, the entire heating system was changed from steam to hot water. The cost savings on our heating bill has been substantial. The whole project is essentially paid for, however there is an outstanding amount of \$15,000 that was borrowed from the St. Andrew's Endowment Fund.

Donations to the restoration fund continue to help to pay down the balance. Also, in the fall of 2017 it was evident that the portico into the sanctuary was becoming a bio hazard and a dangerous place for anyone who sought to be refuge in its shadow. To that end the decision was made to install gates that would compliment the style of the architecture. Once again, a significant and timely donation was made to that project and there is a leaf to represent that gift.

I could write a book about the generosity of heart, time, expertise, money, and prayer that has gone into this building and ministry in the last five years, along with how God's timing was truly amazing as people have come forward in our time of need. This has continued even in these last months, and even the past week, as people have donated money to the maintenance of the organ that will be happening this summer, as well as smaller projects that have needed the financial backing to make them happen. So much of what I have shared is about the building, as that is what we are celebrating today, but the people are what make this a place of ministry, of love, of welcome, and of hope. We give thanks that we have this beautiful and majestic place of worship and work, and celebrate how God has used this place and congregation to bring people into a relationship. We continue to look forward with hope and anticipation of what God is yet to do as we witness and reach out through the grace of God, in the name of Jesus Christ, and the with the communion of the Holy Spirit.
