PRAYERS FROM THE HEART

Heavenly Father,
we know your hands are full at this time; we continue to ask and you provide. Please watch over us especially those who are having a hard time asking for help. Bless our church clergy, and thank you for all you do to keep us safe.

From Joyce

Last week I wrote about the generosity toward the church and much of that centered around things that have directly helped the congregation and the church building. Those pieces allow us to do the whole work of the ministry, including supporting other community organizations and programs. As an example, in November 2020 the congregation received a request to help out with the *Community Clothing Assistance Program's Undercover Project*. Recently the St. Andrew's received a letter of thanks that I share, using their words, "The Board of Directors and Community Clothing Assistance (CCA) management, would like to extend a warm, heartfelt thank you for the generosity of your donation. We are appreciated to receive of your donation...which was magnificent. Without the support of community...we would not be able to pursue our mission of relieving poverty in our community by NEW and FREE socks and Underwear to all in need children and of low income families."

Our church members bought new socks and underwear for children and placed the donations in a bin at the church, which we were able to deliver to Community Clothing Assistance (CCA) in time for Christmas. We are grateful that we can help support programs and organizations in Thunder Bay such as the good work that CCA is doing in our community.

PCC MISSION MOMENTS

Empowering Women and Girls

On March 8, we celebrated International Women's Day and we continue to reflect on the work the church is doing around the world to help achieve gender equality. Through Presbyterian World Service & Development, we support programs that help marginalized women and girls reach their full potential, access quality education and health care, achieve economic independence and advocate for their rights.

Empowering and supporting vulnerable women and girls not only creates self-reliance but is crucial to ending poverty and hunger. When women are empowered, they help build a more sustainable and just world.
